

MODEL# UBHWD-AS-8

Upper Bounce U-Stake Anchor Kit User Manual

CAUTION: Before installing the Anchor Stakes, be sure that there are no underground utilities (such as electrical, gas, phone, water, and sprinkler) beneath where you are going to install the Anchor Stakes.

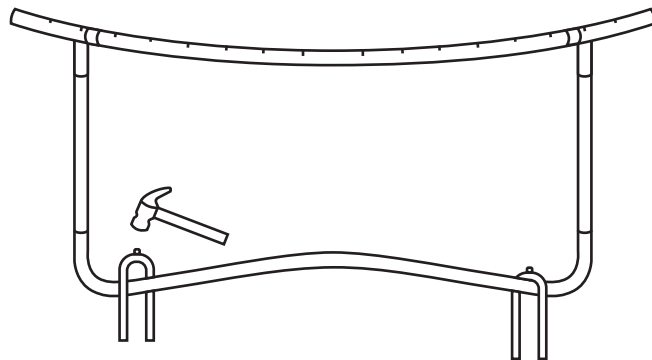

STEP 1

Use 2 anchors per leg as shown in fig.

STEP 2

Nail down the anchors onto the trampoline legs using a hammer.

Can be used for different sizes of trampolines with a tubing diameter up to 2.5"

NOTE

The tops of the stakes should be at ground level so they will not create a tripping hazard. In addition, the tops of the stakes should be covered, if necessary, so that users will not be injured by falling onto the stakes.

While we provide a large variety of trampolines, we also pride ourselves in the large selection of our trampoline replacement parts which are compatible with most trampolines regardless of their brand.

If you have difficulty finding the correct replacement part for your trampoline, **Please give us a call : 1-888-965-3331 or email : support@upperbounce.com** Our Customer Service Department staff are trained in the details of all trampolines and will help you find the right part to get you bouncing again.

We never forget our goal... **Get the Upper Bounce!**
